

# ••LEARNING•• ADVENTURES

for Grades 1 - 3

## INTERACTIVE PROGRAMS AT THE ZOO

Our Pittsburgh Zoo & PPG Aquarium Education Specialists will guide your early elementary students through one of our interactive classroom programs, featuring encounters with live animals and biofacts. Learning Adventures for grades 1-3 can accommodate classrooms up to 25 students and last 45 minutes.

## PROGRAMS FOR GRADES 1 - 3

### **Pennsylvania Pride**

This class introduces students to the wonderful variety of wildlife that lives in Pennsylvania. The students will focus on animals found in their own backyards and learn that conservation begins at home.

### **Polar Quest**

Discover how polar bears, walruses, and sea otters survive their frigid ocean habitats by exploring their unique adaptations.

### **It's a Jungle Out There**

Students are invited on a special journey into the world's tropical rainforests. Emphasis is on both the rainforest as a habitat and on what life is like for the animals that live there.

### **African Adventures**

The African Savanna is home to some of the largest and most unique animals on the planet. Discover how the circle of life applies to the creatures that live in this remarkable habitat.
