

Let the Zoo COME TO YOU

This program is designed to visit adult club meetings, adult social groups, nursing and assisted living homes, and senior centers.

A Zoomobile visit is an enriching and entertaining experience. These 1-hour educational programs offer participants the opportunity to meet Zoo animals without leaving their location.

Please choose from the following options:

ZOO FOR ALL

During this program participants will learn the answer to one of our most asked questions, "Where and how does the Zoo get animals?"

ONE WILD PLACE

With more than 4,000 animals the zoo certainly is one wild place. Participants will learn what it takes to operate a zoo and also about some of the zoo's current conservation and research projects.

THEN & NOW

The Pittsburgh Zoo sure has changed since opening in 1898. This photographic presentation will guide participants through more than a century of growth. A projection screen or blank wall is needed for this program.

ANIMAL ANTICS

Zoo Education Specialists will bring 4-5 Education Ambassador animals for your group to meet.
