

••LEARNING•• ADVENTURES

for Colleges & Universities

INTERACTIVE PROGRAMS AT THE ZOO

The Pittsburgh Zoo & Aquarium offers college students the opportunity to take an inside glimpse behind the scenes with our animals. Choose the program that best fits your needs.

PROGRAMS FOR COLLEGES & UNIVERSITIES

Animal Encounters

This presentation will begin in the classroom where you will meet several of our animal ambassadors while learning how the Zoo supports conservation projects worldwide. Afterwards, you will get a first-hand look at how we care for our animals by going behind the scenes at two animal exhibits. This program is conducted September through April only with a minimum of 15 students and a maximum of 40 students.
