

Zoomobile Outreach Programs

Grades K-12

Our Pittsburgh Zoo & Aquarium Education Specialists will visit your school in one of our Zoomobiles full of exciting live animals and biofacts for an interactive presentation. Zoomobile Outreach Programs for Grades K-12 are designed to accommodate groups of all sizes.

Assembly Programs

The Choice is Ours (Grades k-8)

This exciting game show focuses on local wildlife and conservation issues and challenges students to discover how their choices impact the world around them.

Radical Reptiles (Grades k-8)

Enter the world of reptilian wonders and discover the amazing adaptations that enable them to survive through the ages.

One Degree of Change (Grades 5-12)

In this program, students will learn about the causes and effects of climate change, including how it impacts animals throughout the world. We'll discuss Zoo conservation programs and present live animals. Throughout the program, students will be challenged to think about their own actions, and how individual actions can create positive environmental change.

Classroom Programs

Wild Adaptations (Grades k-12)

Each animal on our planet is uniquely adapted to living in their habitat. This program will explore various physical, behavioral, and out of this world adaptations that help animals survive. Content and discussion will be adjusted to meet each grade at the appropriate level.

ONE-WAY MILEAGE FROM THE ZOO	0 – 30 miles	31 – 60 miles	61 – 90 miles
First K-12 Classroom program	\$200	\$240	\$265
